## Soot Princess' Corner

### "Italian Pregnancy"

An 18-year old Italian girl tells her Mom that she has missed her period for 2 months. Very worried, the mother goes to the drugstore and buys a pregnancy kit. The test result shows that the girl is pregnant.

Shouting, cursing, crying, the mother says, "Who was the pig that did this to you? I want to know!"

The girl picks up the phone and makes a call. Half an hour later a Ferrari stops in front of their house. A mature and distinguished man with gray hair and impeccably dressed in an Armani suit steps out of the Ferrari and enters the house. He sits in the living room with the father, mother and the girl and tells them: 'Good morning, your daughter has informed me of the problem. I can't marry her because of my personal family situation but I'll take charge. I will pay all costs and provide for your daughter for the rest of her life. Additionally, if a girl is born, I will bequeath a Ferrari, 2 retail stores, a townhouse, a beachfront villa and a \$2,000,000 bank account. If a boy is born, my legacy will be a couple of factories and a \$4,000,000 bank account. If twins, they will receive a factory and \$2,000,000 each. However, if there is a miscarriage, what do you suggest I do?'

At this point, the father, who had remained silent holding a shotgun, places a hand firmly on the man's shoulder and tells him.

You gonna try again."

### Rose

The first day of school our professor introduced himself and challenged us to get to know someone we didn't already know. I stood up to look around when a gentle hand touched my shoulder. I turned around to find a wrinkled, little old lady beaming up at me with a smile that lit up the entire building.... She said, "Hi handsome. My name is Rose. I'm eighty-seven years old. Can I give you a hug?" I laughed and enthusiastically responded, 'Of course you may!' and she gave me a giant squeeze.

'Why are you in college at such a young, innocent age?' I asked. She jokingly replied, 'I'm here to meet a rich husband, get married and have a couple of kids...'

'No, seriously,' I asked. I was curious what may have motivated her to be taking on this challenge at her age.

'I always dreamed of having a college education and now I'm getting one!' she told me. After class we walked to the student union building and shared a chocolate milkshake. We became instant friends. Every day for the next three months we would leave class together and talk nonstop. I was always mesmerized listening to this 'time machine' as she shared her wisdom and experience with me.

Over the course of the year, Rose became a campus icon and she easily made friends wherever she went. She loved to dress up and she reveled in the attention bestowed upon her from the other students. She was living it up.

At the end of the semester we invited Rose to speak at our football banquet. I'll never forget what she taught us. She was introduced and stepped up to the podium. As she began to deliver her prepared speech, she dropped her three by five cards on the floor.

Frustrated and a little embarrassed she leaned into the microphone and simply said, 'I'm sorry I'm so jittery. I gave up beer for Lent and this whiskey is killing me! I'll never get my speech back in order so let me just tell you what I know.' As we laughed she cleared her throat and began, 'We do not stop playing because we are old; we grow old because we stop playing. There are only four secrets to staying young, being happy and achieving success. You have to laugh and find humor every day. You've got to have a dream. When you lose your dreams, you die. We have so many people walking around who are dead and don't even know it! There is a huge difference between growing older and growing up. If you are nineteen years old and lie in bed for one full year and don't do one productive thing, you will turn twenty years old. If I am eighty-seven years old and stay in bed for a year and never do anything I will turn eight-eight. Anybody can grow older. That doesn't take any talent or ability. The idea is to grow p by always finding opportunity in change. Have no regrets.

The elderly usually don't have regrets for what we did, but rather for things we did not do. The only people who fear death are those with regrets...'

She concluded her speech by courageously singing 'The Rose.' She challenged each of us to study the lyrics and live them out in our daily live. At the years' end Rose finished the college degree she had begun all those months ago.

One week after graduation Rose died peacefully in her sleep. Over two thousand college students attended her funeral in tribute to the wonderful woman who taught by example that it's never too late to be all you can possibly be.

Remember, Growing older is Mandatory... . . . Growing up is Optional. We make a living by what we get. We make a life by what we give. God promises a safe landing, not a calm passage. If God brings you to it, He will bring you through it.

'Good friends are like stars..... You don't always see them, but you know they are always there.'

Ya know ya just gotta have one!!! Adios, until the next shoot.
