September 2012

September 1st

The September Tusco shoot provided an opportunity for everyone to get ready for High Noon at Tusco in October. The heat and humidity was back but so was the fun. I hope everyone enjoyed themselves.

I apologize for a few of the category mistakes on Saturday. Please try to check your categories in the score book before you start shooting. That would be a great help in preventing errors in the future. Also, please score keepers and timer operators, make sure the time of each shooters is read correctly and written down correctly. “Five Riddles”

- 1 – A murderer is condemned to death. He has to choose between three rooms. The first is full of raging fires, the second is full of assassins with loaded guns and the third is full of lions that haven't eaten in 3 years. Which room is safest for him?
- 2 – A woman shoots her husband. Then she holds him under water for over 5 minutes. Finally, she hangs him. But 5 minutes later they both go out together and enjoy a wonderful dinner together. How can this be?
- 3 – What is black when you buy it, red when you use it and gray when you throw it away?
- 4 – Can you name three consecutive days without using the words Wednesday, Friday or Sunday?
- 5 – This is an unusual paragraph. I'm curious as to just how quickly you can find out what is so unusual about it. It looks so ordinary and plain that you wouldn't think nothing was wrong with it. In fact, nothing is wrong with it! It is highly unusual though. Study it and think about it, but you still may not find anything odd. But if you work at it a bit, you might find out. Try to do so without any coaching!

“Answers”

- 1 – The third room. Lions that haven't eaten in three days are dead. That one was easy, right?
- 2 – The woman was a photographer. She shot a picture of her husband, developed it and hung it up to dry {shot; held under water and hung.}
- 3 – Charcoal, as it is used in barbecuing.
- 4 – Sure you can name three consecutive days: Yesterday, today and tomorrow!
- 5 – The letter “e” which is the most common letter used in the English language, does not appear even once in the paragraph. {Now this one took me some time!}

I Asked if I Could Borrow a Newspaper

We were visiting our son last night when I asked if I could borrow a newspaper. "This is the 21st century," he said. "I don't waste money on newspapers. Here, you can borrow my iPad." I can tell you this, that dang fly never knew what hit him.

99.9% true!!!!!!

Well, it took years, but here are the new labels being considered for liquor bottles these days.

This should be taken seriously!!!!

Alcohol Labels Just Like Cigarettes

Liquor manufacturers have accepted the government's suggestion that the following warning labels be placed immediately on all varieties of alcohol containers:

WARNING: The consumption of alcohol may leave you wondering what the hell
Happened to your bra and panties

WARNING: The consumption of alcohol may make you think you are whispering
When you are not.

WARNING: The consumption of alcohol may cause you to tell your friend's over-and-
Over again that you love them.

WARNING: The consumption of alcohol may cause you to think you can sing.

WARNING: The consumption of alcohol may lead you to believe that ex-lovers are
Really dying for you to telephone them at four in the morning.

WARNING: The consumption of alcohol may make you think you can logically
converse with members of the opposite sex without spitting.

WARNING: The consumption of alcohol may create the illusion that you are tougher,
smarter, faster and better looking than most people.

WARNING: The consumption of alcohol may lead you to think people are laughing
WITH you.

WARNING: The consumption of alcohol may cause pregnancy.

WARNING: The consumption of alcohol may be a major factor in getting your ass
kicked.

WARNING: The crumsumpten of alcohol may mack you think you kan type reel gode.

Now pass this on to all your friends if you feel they may be in danger too.

IRISH FIRE INSURANCE

A man and his wife moved back home to Cork, London. The wife had a wooden leg and to insure it in Britain was E2000 a year!

When they arrived in Cork, they went to an insurance agency to see how much it would cost to insure the wooden leg. The agent looked it up on the computer and said to the couple, "E39.00." The husband was shocked and asked why it was so cheap here in Ireland to insure, when it was so costly in England!

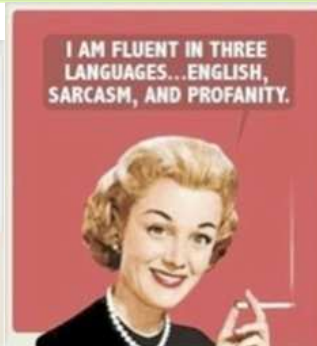

The agent turned his computer screen to the couple and said, "Well, here it is on the screen, it says: 'Any wooden structure, with a sprinkler system over it, is E39.00.'

I always find the Irish logic far superior to most others.

From a WOMAN'S perspective !!!

**WHEN A WOMEN SAYS "WHAT?",
IT'S NOT BECAUSE SHE DIDN'T
HEAR YOU. SHE'S GIVING YOU A
CHANCE TO CHANGE WHAT
YOU SAID.**

P.S. Check out my new gun

Not too bad, eh???
