## Travels with Seamus & Kay -- The Mescal Movie Set

### A message from Sixgun Seamus:

I died today and went to Cowboy heaven.

Let me explain: We are in Benson, AZ for a couple days before we head down to Tombstone on Tuesday.

We toured the Mescal Movie Set this morning.

Check out the website to see the movies filmed there. <https://www.mescalmovieset.com/>

I stood at places where some of my favorite movies were shot.

Mescal is a working set that is ever changing, based on what is being filmed at the time.

They don't consider the buildings as buildings -- they are props to them.

That way no building codes have to be followed, or permits obtained for changes.

### Pictures:

This red "Wells Fargo" building was the porch where they filmed the "Whistle Dixie" from *The Outlaw Josey Wales*.

The building was also used for exterior and interior shots for the Oriental Saloon from the movie *Tombstone*.

The pool table was on one side inside the and the other side of the room they used for the interior of the Oriental.

The pool table was the one Morgan was playing, when he was shot.

Of course, it's all torn up now, but this is where it was filmed.

This is the Oriental bar.

The far corner is where Johnny Tyler dealt Faro, and the doors on the left is where Wyatt threw him out.

This is where the OK gunfight was filmed.

CS Fly's Photography Studio is on the left.

Looking down  
Main Street.

The big brick  
building is the  
bar from *The  
Quick and the  
Dead*.

Interesting fact is  
there isn't a brick  
there.

It's all fiberglass.

These two pictures are inside the bar. Note the chalkboard for "the Contest".  
I could go on and on but you get the idea.....

This last picture is the white building porch where Curly Bill was sitting when he said "Well, Bye".

Thought you might enjoy these. I certainly did.

## The Mescal Movie Set -- Shooting the West since 1950

*"An 1880s Western Town, Surrounded by the High Desert Plains of Southeast Arizona and the Rincon Mountains."*

The film history of the Mescal area dates back over 70 years with scenes from *Winchester 73* with Jimmy Stewart, *The Big Country* with Gregory Peck, and *Cimarron* with Glenn Ford.

The physical set was built as a town in 1968-1969 for *Monte Walsh*, starring Lee Marvin and Jack Palance. This movie mirrors the current situation with the Mescal Set. An aging cowboy realizes the west he loves will soon be gone, and there is no room for cowboys like him.

Released the same year was the Western comedy *Dirty Dingus Magee* with the legendary Frank Sinatra. Another Hollywood legend graced the set when Elizabeth Taylor filmed *Poker Alice*.

A succession of movies followed, including *The Life and Times of Judge Roy Bean* starring Paul Newman, *The Outlaw Josey Wales* with Clint Eastwood, and *Tom Horn* with Steve McQueen. The 1990s had major big-budget productions. *Tombstone* starred Kurt Russell, Val Kilmer, Sam Elliott, and many other notables such as Charlton Heston, Harry Carey Jr., and narration by Robert Mitchum. It has become a cult classic and easily the most quoted western of all time. *The Quick and the Dead* followed with Hollywood "A-Listers" Sharon Stone, Russell Crowe, Gene Hackman, and a very young Leonardo DiCaprio.

Country music fans will recall the 1986 remake of *Stagecoach* starring the Highwaymen, including Willie Nelson, Waylon Jennings, Johnny Cash, and Kris Kristofferson. Mescal was also used in *The Gambler* with Kenny Rogers.

The Mescal Set was an alternative town set for many episodes of your favorite western TV series, including *Bonanza*, *Gunsmoke*, *The Magnificent Seven*, and *Little House on the Prairie*. Fans will also remember it as the town of Sweetwater in *The Young Riders* series.

Mescal was also a popular site for TV Movies, including *The Sacketts*, with Tom Selleck, Glenn Ford, and Sam Elliott, *Maverick* with James Garner, Mel Gibson and Jodie Foster, and *Buffalo Soldiers* with Danny Glover.

As of Valentine's Day 2021, Mescal became no longer attached to the Old Tucson Studios group as a secondary film site. The set is now on its own, and building its notoriety as the world-famous Mescal Movie Set. Kartchner Ventures is thrilled to give Mescal a well-deserved facelift, and is dedicated to helping bring the film industry back to Southern Arizona.

**Winchester**            109543            24            **12 Ga**    Side/Side Double Barrel            Blue

Winchester Model 24 SXS Shotgun. 2-3/4" chambers Full Choke and Modified. Mfg date: **1952**. The Model 24 competes with the Stevens 311 and Savage/Fox Model B as an affordable, utility SXS and a total of over 116,200 were Mfgd. The Model 24 is a true hammerless gun, as opposed to having concealed hammers like most double guns, since it is striker fired. It was produced only as a field grade gun with blued receiver and barrels, wide 7/16" raised solid rib, smooth black walnut stock with lacquer finish, double triggers, and spring powered extractors that elevates the shells when the gun is opened. The forged steel receiver body of the Model 24 is rounded. The Model 24 was designed with two lumps, one centered beneath each barrel, leaving a tunnel of space between the two lumps. It has a clean breech face and is held closed by a single underbolt that engages a notch in the double barrel lumps. In the area between the 24's dual lumps is a cocking slide and the extractor. The Model 24 is about as wide through the breech and receiver as a SXS gun can be. The weight is about 7-1/2 pounds. It is a 12 Ga gun with 30" barrels. It measures 46-1/2" in overall length and has a 14-1/4" length of pull. Approximate drop is 1-1/2" at comb and 2-1/2" at heel. **\$500**

## News & Notes

### Six Stages

We shoot six stages at Tusco. A few people have told us that they drive a good distance to shoot at Tusco and would like to shoot as much as possible.

Obviously we only have room for five shooting bays. So what we do is shoot the first stage you start on twice. Consider it a warm up stage. Only five stages will be scored. You can take your best time on your first stage. If you don't want to shoot it twice you do not have to. This would provide more shooting for our shooters.

### New SASS Magazine

With the new release of the SASS Quarterly Cowboy Chronicle, I once again would like to start collecting any unwanted issues of the magazine. We will use these for our promotional events, like our Tusco Long Riders' Day at Kames Sports. Please either black out or cut off your name and address or I will do it before they are passed out. Thank you!

### Facebook Page

When you make a post about Tusco or share pictures on Facebook, include #TuscoLongRiders. Let everyone see what we are all about.

### Cowboy Swap Meet at Monthly Shoots

### *A little bit about us*

Jim & I have always wanted a family of our own. Although we love our 5 fur kids, we long for a baby. After learning we were unable to conceive a child, Jim and I decided to pursue the adoption of a newborn. Adoption costs are astronomical (anywhere from 25k to 50k or higher) and although we were able to raise some with our savings, GoFundMe page, and church donations, we are still lacking the funds needed to apply for a match. We decided to take our love of crafting and open a side business to hopefully raise some more funds for our future family. Designs By Scamper is a tribute to our pup Scamper who passed away in 2015 from cancer.
